December

First born: so small pink delicate. Such wonder at fingers and toes, the marvel of each new day she is with us, the centre and reason for our being here together.

April

The eldest, she cares for little brother, baby sister, leads them on the hunt for Easter eggs she finds, shares, treasures both the promise and the sweetness melting on her tongue.

~ Genna ~

August

She runs, dodges sticks and stones, crosses the finish line first, drops to her knees, circled by friends. How she laughs! Listen: wind in long grass has her voice and leaves already rusting.

December

Grown-up, a nurse, she calms disorder, comforts distress; in love, dreams of home, family. Let us not talk about the treachery of black ice, our loss, her absence. Let us remember her grin, hold on to the hand she holds out to us still.

# Trans Canada Trail Sentier Transcanadien

## The Grand Vision

The Trans Canada Trail is a non-profit, registered charity organisation, whose primary purpose is to raise funds to build a recreational trail that will wind its way through every Province and Territory in Canada, linking hundreds of communities along its route.

The Trans Canada Trail was created in 1992 and publicly launched in the summer of 1994. It was conceived by the Canada 125 as a legacy project. Canada 125 was an organisation created to celebrate Canada's 125th year of Confederation in 1992. Individual Canadians are invited to help build the Trail by "symbolically" purchasing metres. A small donation builds a metre of Trail and the donor's name (or the name of anyone they designate) is permanently inscribed in a Trail Pavilion along the route of the Trail.

## Trail Route

A part of the Trail follows along waterways that flow through the City of Peterborough and connect to the rural countryside by following the route of former railway corridors. The Trail makes its way through every Province and Territory. Given the geography of Canada, it is not a straight line but one that dips and curves to include as much of the population as possible. A water route is being used in the Northwest Territories and part of Northern Alberta.

## Community Support

The Trans Canada Trail has had remarkable success at local levels throughout the country. So far there is at least one Trail Pavilion in every province and territory and most have more than one. Thousands of names and messages are being displayed in each of these Trail Pavilions.
