ABOUT US

Our vision is to inspire everyone to embrace the outdoors, to discover the diversity of our land and people, to enhance their health and well-being, and to share their stories along this globally significant and iconic trail network.

The Trans Canada Trail (the Trail) is the longest interconnected network of multi-use recreational trails in the world, spanning over 28,000 kilometres on land and water. Linking three oceans – the Atlantic, Pacific and Arctic – the Trail connects 15,000 rural, urban and Indigenous communities across every province and territory. It is a ribbon that connects Canada's diverse landscapes, seasons, people and experiences, and it fosters unity, collaboration and connectedness.

Trans Canada Trail (the organization) is a registered charity that stewards this national trail in collaboration with community-based partners. With funding from the Government of Canada through Parks Canada, and investments from all levels of government and generous donors, Trans Canada Trail is the largest investor in trail infrastructure projects in Canada, supporting improvements, growth and enhancements for the benefit of generations to come.

Trans Canada Trail staff are community-minded and believe in the benefits of outdoor recreation opportunities for all. Our skills are diverse – from trail development and signage expertise, to philanthropy, communications and marketing, and organizational administration. We are a geographically dispersed team, located in many different places in Canada, but closely connected through technology and a sincere effort to build and maintain effective working relationships with one another.

ABOUT YOU

You are passionate about the health and well-being of people and communities. The talents and skills you bring to your work are valued by your colleagues and you're always interested in learning something new. You enjoy working remotely and online, using digital platforms to think creatively and work collaboratively, and you believe in the importance of work/life balance.
