About Trans Canada Trail

The **Trans Canada Trail** (the Trail) is the longest recreational trail in the world, spanning over 28,000 kilometres on land and water. Linking three oceans – the Atlantic, Pacific and Arctic – the Trail connects 15,000 rural, urban and Indigenous communities across every province and territory. It is a ribbon that connects Canada's diverse landscapes, seasons, people and experiences, and fosters unity, collaboration and connectedness. **Trans Canada Trail** is a registered charity and stewards this national trail in collaboration with local Trail partners. With funding from the Government of Canada through Parks Canada, and investments from all levels of government and generous donors, **Trans Canada Trail** is the largest investor in trail infrastructure projects in Canada, supporting improvements, growth and enhancements for generations to come. tctrail.ca
